

Coralie Destappe

Lawyer

Description

Coralie Destappe has been a lawyer with Adaltys since January 2022.

She advises and litigates on issues related to energy law and public business law (public contracts, public and semi-public structures and public domainality).

In the field of energy, Coralie Destappe advises companies and structures on the entire energy value chain (energy production, access to the network, energy market, energy performance and efficiency).

In the field of public business law, Coralie Destappe assists public actors in the prefiguration and creation of public and parapublic structures in various sectors (urban mobility, renewable energy, etc.).

She also advises them in the definition of their needs, the implementation of their procurement procedures and the execution of their contracts (public contracts, partnership contracts, concessions, AOT/BEA, etc.).
