

Li Huini

Partner

Description

After more than 15 years of professional practice, Ms. LI Huini's areas of expertise cover the classic fields of international business law such as corporate law, mergers and acquisitions, cross-border business contracts as well as the settlement of international business disputes.

Supported by the quality public law team of her French law firm, her expertise extends to the areas of public/administrative law as well as to the development of infrastructure construction projects and PPPs in China in recent years.

Aware of the environment in which we live today and the solutions new technologies can bring to the world, renewable technologies, environmental protection and life sciences account for the third area of her legal practice.

Her clients are foreign companies and their Chinese subsidiaries in the sectors of transportation, construction, architecture, aeronautics and automotive, information technology, life sciences, machinery and equipment.

Thanks to her language skills and experience of studying, living and working in various European countries, Ms. Li offers her clients not only a thorough understanding of the legal environment in China, but also a comparative insight into the heart of a legal and cultural issue.
