Julien Bosquet

Lawyer counsel

Description

For 15 years, Julien Bosquet has been advising and acting in litigation in the field of public procurement (complex public contracts, concessions), public ownership law and local authority law.

He has carried out a large number of assignments for public authorities in the field of public contracts and concessions: assistance with the contracting procedure (project management assistance (AMO) missions); assistance with the execution of contracts (amendment of contracts by way of riders; negotiation with contract holders in the event of a claim for compensation); contract litigation (pre-contractual and contractual summary proceedings; appeals challenging the validity of the contract; contractual compensation litigation; litigation relating to termination). He has carried out numerous project management assistance assignments in the field of public contracts and concessions (ski lifts, airport concessions, tourist units).

Julien Bosquet has a perfect mastery of administrative litigation, which he practices on a daily basis in all areas (excess of power and compensation litigation in matters of third party liability in public works, litigation for expulsion from the private and public domain, temporary suspension injunctions (référé-suspension), liberty injunctions (référé-liberté), interim payment injunctions (référé-provision), appropriate measures injunction (référé-mesures utiles)).

He regularly publishes in journals on public procurement matters.
